

Data for Children with Special Health Care Needs

Jay Balzer, DMD, MPH
CSHCN Coordinator for ASTDD

1

National Oral Health Conference
2009 - Preconference Workshop

Children with Special Health Care Needs (CSHCN)

- **Definition:** those who have or are at increased risk for a chronic physical, developmental, behavioral, or emotional condition and who also require health and related services of a type or amount beyond that required by children generally

2

National Oral Health Conference 2009 - Preconference Workshop

Improving CSHCN oral health

- HP 2010 Objectives-relevant focus areas
 - 1. Access to Quality Health Services
 - 6. Disability and Secondary Conditions
 - 16. Maternal, Infant, and Child Health
 - 21. Oral Health
- ASTDD - Guidelines for State & Territorial Oral Health Programs

3

National Oral Health Conference 2009 - Preconference Workshop

ASTDD's Cooperative Agreements with CDC and HRSA

- Enhance capacity of state oral health programs to collect and utilize data
- Develop a template of surveillance system components
- Improve the knowledge and skills of the dental public health workforce

4

National Oral Health Conference 2009 - Preconference Workshop

ASTDD Data Template

- Quick reference to oral health data sources
- Includes sources of CSHCN oral health data from SLAITS
- Workshop provides practice accessing these data sources

5

National Oral Health Conference 2009 - Preconference Workshop

CSHCN Data Sources

- Emphasis on 2 telephone interview surveys that provide state-specific data (SLAITS)
 - National Survey of CSHCN (NS-CSHCN)
 - National Survey of Child Health (NSCH)
- Data available via online search tool of CAHMI Data Resource Center

Your Data... Your story

Home | Contact Us | About Us | Search

Welcome! There are three ways to access information on the Data Resource Center site:
 1. Select one of the surveys below
 2. Click on the USA map
 3. Use the Search Feature

Select a survey to search:

National Survey of Children's Health (NSCH), 2003

- Compare results for your state, the nation, or subgroups of children.
- View state and regional profiles on key measures.
- Explore survey content relevant to Healthy People 2010.

OR

National Survey of Children with Special Health Care Needs (CSHCN), 2003 & 2005/2006

- Search and compare national, state or regional prevalence estimates.
- Look for national, state or regional results on key indicators and MCHB outcomes.
- Compare findings for CSHCN from different age, race, income, or health status groups.
