- Each of Topic Areas are submitting operational definitions
- Establishing baseline and developing target setting

# HP 2020 Objectives

- Objectives Retained as is from HP 2010:
  - **Oral Health HP2020 1:** Increase the proportion of oral and pharyngeal cancers detected at the earliest stage. (21.6)
  - **Oral Health HP2020 2:** Increase the proportion of the U.S. population served by community water systems with optimally fluoridated water. (21.9)
  - **Oral Health HP2020 3:** Increase the proportion of children and adults who use the oral health care system each year. (21.10)
  - **Oral Health HP2020 4:** Increase the proportion of low-income children and adolescents who received any preventive dental service during the past year. (21.12)
  - **Oral Health HP2020 5:** Increase the number of States and the District of Columbia that have an oral and craniofacial health surveillance system. (21.16)

# HP 2020 Objectives

- Objectives Retained but Modified from HP 2010:
  - **Oral Health HP2020 6:** Reduce the proportion of children and adolescents who have dental caries experience in their primary or permanent teeth. (21.1)
  - **Oral Health HP2020 7:** Reduce the proportion of children, adolescents, and adults with untreated dental decay. (21.2)
  - **Oral Health HP2020 8:** Increase the proportion of adults who have never had a permanent tooth extracted because of dental caries or periodontal disease. (21.3/21.4)
  - **Oral Health HP2020 9:** Reduce Periodontitis (21.5b)
  - **Oral Health HP2020 10:** Increase the proportion of children who have received dental sealants on their molar teeth. (21.8a/b)

# HP 2020 Objectives

- Objectives Retained but Modified from HP 2010:
  - **Oral Health HP2020 12:** Increase the proportion of school-based health centers with an oral health component. (21.13a/b)
  - **Oral Health HP2020 13:** Increase the proportion of local health departments and Federally Qualified Health Centers, that have an oral health component. (21.14)
  - **Oral Health HP2020 14:** Increase the number of States, and DC that have a system for recording and referring infants and children with cleft lips and cleft palates to craniofacial anomaly rehabilitative teams. (21.15)
  - **Oral Health HP2020 15:** Increase the number of health agencies that have a public dental health program directed by a dental professional with public health training. (21.17a/b)

# HP 2020 Objectives

- Objective New to HP 2020:
  - **Oral Health HP2020 16:** (Developmental) Increase the proportion of adults who receive preventive screening and counseling from dental professionals.
    - Increase the proportion of adults who received information from a dentist or dental hygienist focusing on reducing tobacco usage or smoking cessation
    - Increase the proportion of adults who received an annual cancer screening from a dentist or dental hygienist. (Formerly 21.7)
    - Increase the proportion of adults who are tested or referred for glycemic control from a dentist or dental hygienist

# HP 2020 Objectives

## **Objective New to HP 2020:**

Oral Health HP2020 17: Increase the proportion of patients that receive oral health services at Federally Qualified Health Centers each year.

# HP 2020 Objectives

- Objectives Archived from HP 2010:
  - **Oral Health HP2010 21-5a:** Reduce periodontal disease.
    - Gingivitis
  - **Oral Health HP2010 11:** Increase the proportion of long-term care residents who use the oral health care system each year.

# Next Steps

- The Proposed HP 2020 objectives will go through interagency clearance.
- A “webpage” for each topic area will be developed.
- Topic Areas are encouraged to engage partners to develop companion documents.
- Tentative Launch for HP 2020 Fall 2010.
